SARIN LED LINEAR HIGH BAY LIGHTS are perfect for warehouses, factories, workshops, exhibition halls, supermarkets, gas stations, gymnasiums, and any space with high ceilings.

They are extremely bright at 320W but still manage to be efficient with an efficacy of 130 lumens per watt! The light features 0-10V dimming, a 90 degree beam angle, with chain mounts and a motion sensor base.

These lights are easy-to-install and operate, energy efficient, and have long lifespans. Accessories are simple to add on or change, which helps with costs in the long term.
